She believes in me
When I don't believe in myself
Guess I'm just far too hard on me
No small wonder
The ease with which she shows me it's never quite as
bad as it seems
To the storm
She's my shelter
To the morning
She's my dream come true

And she knows
It'll be okay
Everytime I lose my way
And she knows
It'll be alright
Everyday
Yes every night
Her sanctuary glows
All because I love her and
She knows

And she knows

Why do bridges burn?
These troubled waters run deep
Still she's always by my side
No small wonder then
Oh in spite the habit needs me
When all I gotta do is hang over her
To the cold
She's my fever
To this burning she's my saving grace

And she knows
It'll be okay
Everytime I lose my way
And she knows
It'll be alright
Everyday
Yes every night

Her sanctuary glows
All because I love her and
She knows

And although she tries
It's hard looking in from the outside
And it shows still love grows
My sweet love knows
She knows...

She knows
It'll be okay
Everytime I lose my way
And she knows
It'll be alright
Everyday
Yes every night

And she knows
It'll be okay
Everytime I lose my way
And she knows
It'll be alright
Everyday
Yes every night
Her sanctuary glows
All because I love her

Oh because I love her
All because I love her and
She knows

She knows
