No use in sleepin'
Morning's just outside
Had 'bout all I can bear
September turnpike painted
Orange, red and rusty gold
And Good Old Glory everywhere

This could be forever
This could be for now
Never say never
Nevermind right now

Can't you see, can't you see?
In love, alive you've got me now
Can't you see, can't you see?
In love, alive you've got me now

Tears don't need permission
Best let 'em fall by the wayside
Girl, you know no one could compare
Meet me in New York, baby
From there we could drive away
Sharing our shotgun love and care

This could be forever
This could be for now
Never say never
Nevermind right now

Can't you see, can't you see?
In love, alive you've got me now
Can't you see, can't you see?
In love, alive you've got me now

I say we hit the cruise control
Put the seat back, let it down
Blow a kiss and soothe my soul
You soothe my soul

Can't you see, can't you see?
In love, alive you've got me now
Can't you see, can't you see?

In love, alive you've got me now

In love, alive. My baby, so alive.

You got me now, you got me now, you got me now

In love, alive. My baby, so alive.

You got me now, you got me now, you got me now

Can't you see?
