Friend or foe
Friend or foe
Friend or foe
Friend or foe

I want those who get to know me
To become admirers or my enemies
I want those who get to know me
To become admirers or my enemies

I want those who get to know me
To become admirers or my enemies
I want those who get to know me
To become admirers or my enemies

Take it up or leave it, I'm not gonna change a bit
If it means heartache then leave it out for your sake
I tried and I try tried to take care of my insides
Nobody's perfect so leave me if you object

I want those who get to know me
To become admirers or my enemies
I want those who get to know me
To become admirers or my enemies

I want those who get to know me
To become admirers or my enemies
I want those who get to know me
To become admirers

When you're a pirouetting, high kicking, thigh slapping
cruiser
When you're a hip grinding, spell binding, clean cut
seducer
You have to be careful, so people take note
I take it serious but I still like a joke

I want those who get to know me
To become admirers or my enemies
I want those who get to know me
To become admirers or my enemies

I want those who get to know me
To become admirers or my enemies
I want those who get to know me
To become admirers

Take it up or leave it, I'm not gonna change a bit
If it means heartache then leave it out for your sake
I tried and I try, tried but still you say that I lied
Nobody's perfect so leave me if you object

Take it up or leave it, I'm not gonna change a bit
If it means heartache then leave it out for your sake
I tried and I try, tried to take care of my insides
Nobody's perfect so leave me if you object
