[Big Moe talking]

Huh, feel this here baby, I grind, got to stay on it  
Know what I'm talking about, Moe on his grind  
Huh, all the time, I even like to bump and grind  
Feel that, huh, listen to this here huh, what

[Chorus: Isis Re]

Steady on the grind, all the time  
Steady on the grind, all the time  
I got money on my mind, so I mash for mine  
I stay steady on the grind all the time

[Big Moe]

I'm steady trying to hit this lick, on tip the script  
Until I'm rich, put this dick off in you bitches and you  
hoes  
I ain't gonna let these niggas take, I'm not gonna  
hesitate to break  
I put my chrome against your face and now it's on  
Trying to get this paper on my block  
I'm not gonna stop to the villian and flop  
My glock stay cocked, and I keep flashing shrome

(1,1, 2, 2, 2 , 3, 3, 3, 4)

[Big Moe]

Hot damn, summer in the city  
Drop looking pretty, sitting on 20's  
I am, Big Motorola serving the soda  
Crawling through the clover  
Hot damn, money in the city  
Boys ain't tripping, never gave a flipping  
I am, Big Casonova  
Players get chosen, you know the game over

[Chorus]

[Noke D]

Say money, more whips and clothes  
As I flow, y'all know true players get chose  
So, I'm at it till the light turn loud

Might break my spine, long as I die trying  
Should find go ahead, get thick as a gauge  
With the hustle and tussle baby Noke D bringing pain  
Huh, somebody said Noke you got some hot tracks  
I said yeah we stay together we gone give it right back

[Dirty \$]

I want the roof capping save for the guts and snows  
They playing you and no chips, so I could spot my foes  
And let them know we throwed, check the lingo  
Kids from the dingo, with the neon glow  
Pee on snow, cause we all know  
Put the T on toes give me a trophy cause it's murder  
she wrote  
Uh, you holding one slangers, game re-arrangers  
Steady on the grind, it just changes  
Disrespect the major boy you doing too much  
Plus we done chopped it up, and left them all screwed  
up  
Chewed up and spit out, know what I'm talkin bout  
Without a doubt it's on, when Texas place touch the  
light to make it hot

[Chorus - 2x]

[Big Moe]

Let me hear you say money, money, money  
Let me hear you say money, money, money  
Let me hear you say money, money, money  
Yeah yeah ay yeah yeah  
M-I-N-E, that be M-O-E me  
Roll thorough the game and chop and chop  
Know what I'm talking bout, yeah ay yeah  
Uh, money, money, money  
Money, money, money  
Yeah ay yeah, uh uh  
M-O-N-E-Y, it's Big Moe so player fly  
I like to stack my change ya know  
Moe Yo, I'm gone roll, gone roll  
I said money, money, money  
Say money, money, money  
Say money, money, money
