Adam Ant/Marco Pirroni  
Miss Thing what you got to say?  
We saw a honey just the other day  
A wild cat, a loud shirt  
Thinking up stuff just to different  
Wa-la-ba-loomba  
Wa-la-ba-loomba  
Wa-la-ba-loomba  
Wa-la-ba-loom  
She was the only one to love him up right  
Miss Thing - where you gonna go?  
You ever seen a man jump a piano?  
Guttertalk, knock 'em dead  
Pompadour six inches above his head  
Wa-la-ba-loomba.... etc.  
Miss Thing please tell me why  
He says "child" when he meets another guy  
Sweaty staggering out of the swamp  
Freaky-deak dancing, pumping that pomp  
Wa-la-ba-loomba.... etc.  
Turn it up  
Have your fill  
Up in the treble  
A voice like a power drill.
