Adam Ant/Marco Pirroni
Give me your hand here is mine
Better in the open
It's showtime let's call the tune
He's her baby boy
Navel to neck
Give me your mouth
I want to kiss you
Something deep inside me waits
You're giving up your daughters
But perfection is so dull
He's her baby boy
Navel to neck
Give me your mouth
I want to kiss you
That's the way the honey goes
Sweeter than a toy
From his tippy to his toes
He's he baby boy
Every inch of you I prize
Your body is a vision
And all the while look in your eyes
