Adam Ant

I want to date you maybe
I want to take you out
I want to wine and dine you
I want to twist and twist and shout
I want you hard in my arms
I want you soft on my bed
You get the keys to my heart
When you wear that sweet dress
(You know, the short one)
But you're so physical
Physical
For me
You're just too physical
Physical
For me
I want your rough house baby
I want this right in your ear
You let me feel your danger
I let you make this feeling clear
I want the touch of your charms
The heat of your breath
I want to say all those things
(Those dirty things)
That would be better unsaid
Oh you're so physical ooh
Oh you're so physical ooh wooh
Oh you're so physical ooooooooooh
Oh you're so physical ooooooooooooooooooh
