Once is never enough
Never is and never was (uhuh)
Here and now is all that counts
Here and now in large amounts
Be beautiful and shut up
The going can be real tough
You can keep your fancy bars
Clubby friends and fast cars (uhuh)
And when the going gets hard
You can eat your credit cards
I really tried to fight
But what the hell I like it
Chorus:
There is always room at the top
Don't let them tell you there is not
Made in England
Born and bred
An 18th century brain in
A 21st century head
Room at the top - so 18th century (x2)
Room at the top
There's always room
If some of this fits some of u
Or like the things that you might do
It's the pleasure and the pain
That makes you do it all again
They say
Be beautiful and shut up
The going can be real tough
Chorus
