Im taking my time
when i cruise the runway
flying inbetween
all the scenery
its ont
its on
could it be you you you or you
im looking for a heart thats true
to come along
its on
are you gonna be the girl
in my dreams
when i close my eyes?
out of everyone
the best for me
the one that ill call mine ?
are you gonna be the one ?
the shining star
the center of my world
im not looking for just any girl
could you be the one
yeah
