With your eyes, you can trace, like a child that won't  
disgrace  
On your feet, you can face, what tomorrow has in place  
Here we are, you and I, as lovers we embrace  
We're singing out, heyeah, heyeah, oh

Love will be the one thing you serve  
Love will be the one thing, the one thing  
Love will be the one thing you serve  
Love will be the one thing, the one thing

In the fields, by the bay, there's lives just wasting away  
You can fight, you can pray, or is there nothing left to  
say  
Stay the road or exit, and just walk away  
We're singing out, heyeah, heyeah, oh

Love will be the one thing you serve  
Love will be the one thing, the one thing  
Love will be the one thing you serve  
Love will be the one thing, the one thing  
Love will be the one thing you serve  
This love will be the one thing, the one thing

So what if I fall, deeply and fall, out of your love into  
the wayside  
Would you sing me a line, some words to entwine  
Cause I got the fever, what's the wait for  
You blow me away, I'm down on my knees  
This love's a disease that I would pay for  
You die before you die  
And love's the reason why

Love will be the one thing you serve  
Love will be the one thing, the one thing  
Love will be the one thing you serve  
This love will be the one thing, the one thing  
Love will be the one thing you serve  
This love will be the one thing, the one thing  
Love will be the one thing you serve  
Love will be the one thing, the one thing

Love will be the one thing you serve  
Love will be the one thing, the one thing
