Every time I think about her a star lights up in the sky,
The clouds aren't out tonight and so I sit and wonder
why,

I've only used 3 of my 9 lives,
This is not the last that she has seen of me,
I will roam the desert, I will sail the seven seas,
Just to be near her, just to hear her scream,

With a girl like you, it ain't easy being me,
You're the only one that rings my bell, the only one
that's free,
I would do anything, anything for you my darling,
With a girl like you, it ain't easy being me,

I hold this dagger tightly closely to my chest,
While others sleep I climb for when I'm dead I'll rest,
You make me fly but why won't you confess,
I'll attach these blinders, I will harness up my reigns,
You ride on inside me, you are the blood in my veins,
As the teardrops fall from heaven once again,

With a girl like you, it ain't easy being me,
You're the only one that rings my bell, the only one
that's free,
I would do anything, anything for you my darling,
With a girl like you, it ain't easy being me,

Lord fill my cup til it is flowing at the brim,
For I can feel the roaches crawling deep under my skin,
Untie the parasite, let love and light begin,
If you cut us we shall bleed, if you wrong us we shall
revenge,
I shall take this sword upon you and with it I shall
avenge,
Villainous symphony, they've all got it in for me again,

With a girl like you, it ain't easy being me,
You're the only one that rings my bell, the only one
that's free,
I would do anything, anything for you my darling,
With a girl like you it, it ain't easy being me.
