

King Blues, The "Taking Over"

We have the right to choose
Between Labour and Tory.
Like we have the right to choose
Between Coke and Pepsi.
No matter who you vote for
The government always win.
It's time to empower yourself
When this sinks in. And they're...

Taking over. Taking over.
Taking over again.

They're knocking at your door step
With their leaflets at the side.
Disinformation super highway
Are you coming for the ride? And they're...

Taking over. Taking over.
Taking over again.
