Uh huh three, four, five, six  
If you don't know girl work dem hips(work dem hips 5x)  
Uh huh seven, eight, nine, ten  
If its kicking in well then you spin(then you spin 5x)spin

[Verse 1]

Um hold up, I'ma peel it, in pilly billy  
When I shoot two shops holla make that milli  
Today was payday Dirty Third in nationwide  
Clover in my life got my jaws real tight  
Now uh, see this shit twice  
I'm just kicking in I'm drinking O-J on ice  
Go-go it's just surprised the feeling  
That have me willing to  
Go the game spitting  
Got the baddest bitch hitting  
May I mention, I feel like I can fly  
Imagine old Southern night  
Trying to bring Sprite to something nice  
I ain't searching for nobody  
But what I do tonight  
Here's a pill for your troubles  
Uh huh thats tight hold up

[Verse 2]

Boy you see how them niggas be  
Moving in slow motion  
Undercover be floating  
About to snatch the next hoe  
Don't act struck, be like who that is at the door  
Lit the shit up, blinding like a light show  
Belle and cranberry with my belly kicking in  
When they hit the dance floor

The real nigga coming  
It's on, nigga give me ninety feet  
Cause if you give me fifty feet  
You gone still be in my reach  
You feel me peeps? My mouth be so cold  
With them old expos

[Chorus 1x]

I'm on three blue knights  
I'm on three blue knights  
We wreck this on three tool-as  
We wreck this on three tool-as  
And we fly like a kite  
And we fly like a kite

[Verse 3]

Ain't it right tonight's the night  
Me and Derete' fight  
Washed it down with O-J on ice  
"Ey yo Easy how you feeling my friend?"  
I'm feeling like we gotta grab gin and a twin  
"D reezie how you feeling my nigga?"  
I'm explosive want to make a porno flick  
Now get naked  
I let it roll out and I don't pull a stunt  
I hit it from the back while I hit it from the front I give  
you them things  
What did you say "Angela I got stamana  
For her and Pamela"  
I ain't greedy I ain't needy  
But both of us together make it twice as sleazy
