Looking down at me with your superior eyes
but this is really me i don't have to wear any disguise
so i hold my head up high
cause i don't even have to
try to contemplate myself

cause i know, and you know

you cant handle it
now that i'm better that you
can you handle that
now its in your face and now
you know its true

now that you see me does it take you by surprise
just because of your greed doesn't mean
i see through your eyes
so i hold my head up high
cause i don't even have to try
to contemplate myself

cause i know, and you know

you cant handle it
now that you know its true
you know its true
you cant handle it
now that i'm better than you
i'm better than you
you cant handle it
now that you know were through
now that you know were through
fuck you, just fuck you
