Well some people look at objects
not knowing their full price
but I'm not talking about commercial value

but things in your life
so all I'm trying to say is
look at whatcha got

paved roads and telephones
well everyone uses them
us motherfuckers in our automobiles

how long will it take before we all realize
that were the ones that have the
better fucking deal so

look at whatcha got and be thankful for it
because when its gone you'll all be sorry
so fuck you if you're a spoiled little brat
throwing around your money with your head up your
ass

these are some of the things that
are taken for granted
these are some of the things we can't
live without
and when some of these things are
taken away from us
watch the whole nation scream
and shout

have we forgotten that this world is a privilege
tvs, computers and designer clothes
food water power at our fucking fingertips
how would we live without it, no one fucking knows

and wouldn't it be a fucking nightmare
look at third world countries
look at how they live
when these things are taken for granted
just stand up and give
