There's something cold and blank
Behind her smile
She's standing on an overpass
In a miracle mile
Cause you were from a perfect world
A world that threw me away today, today, today
To run away
A pill to make you numb
A pill to make you dumb
A pill to make you anybody else
But all the drugs in this world
Won't save her from herself
Her mouth was an empty cut
She was waiting to fall
Just bleeding like a polaroid
And lost all her dolls
Cause you were from a perfect world
A world that threw me away today, today, today
To run away
A pill to make you numb
A pill to make you dumb

A pill to make you anybody else
But all the drugs in this world
Won't save her from herself
You were from a perfect world
A world that threw me away today, today, today
To run away
A pill to make you numb
A pill to make you dumb
A pill to make you anybody else
But all the drugs in this world
Won't save herself
A pill to make you numb
A pill to make you dumb
A pill to make you anybody else
But all the drugs in this world
Won't save her from herself
