Sometimes I'll just bring maybe an action figure or two.

You know

Other times, I'll bring my garlic spread.

You know, the garlic spread

The garlic spread's important

And then you just walk around,

And the people always come up

And they're always sayin',

"Whaddya got in yer lunchbox?"

"For the most part, it's usually my lunch,

You goddamn cunt."

I get so mad.

But you know

Yeah, they

Sometimes I'll just

I just

SCREEEEEEAM!

"Hit it!"

There's a devil in my lunchbox!

There's a devil in my lunchbox!

He's right over there

Next to the peanut butter and jelly sandwich

And the banana.

That's right.

There is a devil in my lunchbox.

There is a devil in my lunchbox.

He's just hangin' out

By the peanut butter and jelly sandwich

And the banana

That sometimes you gotta bruise

Like one of them strippers at the Peach Tree Lounge.

That's on Power Line Road,

Right next to the pound,

By the 7-11.

Devil in my lunchbox!

There's a devil in my lunchbox!

He's just hangin' out

By the peanut butter and jelly sandwich.

There is a devil.

There is a devil.

There is a devil in my lunchbox!

There is a devil in my lunchbox!

Devil, devil, devil in my lunchbox.

There's a devil in my lunchbox!
