I can tell you what they say in space

That our earth is too grey

But when the spirit is so digital

The body acts this way

That world was killing me

That world was killing me

Disassociative

The nervous system's down

The nervous system's down I know (x2)

CHORUS

I can never get out of here

I don't want to just float in fear

A dead astronaut in space (x2)

Sometimes we walk like we were shot

Through our heads, my love

We write our song in space

Like we are already dead and gone

Your world was killing me

Your world was killing me

Disassociative

Your world was killing me

Your world was killing me

Disassociative

CHORUS

The nervous system's down (x4)

CHORUS
