There's not much left to love

Too tired today to hate

I feel the empty

I feel the minute of decay

I'm on my way down now, I'd like to take

You with me

I'm on my way down

I'm on my way down now, I'd like take

You with me

I'm on my way down

The minute that it's born

It begins to die

I'd love to just give in,

I've been to black and back

I've whited out my name

A lack of pain, a lack of hope

A lack of anything to say

Tehre is no cure for what is killing me

I'm on my way down

I've looked ahead and saw a

World that's dead

I guess that I am too

(Chorus)

I'm on my way down, I'd like to take

You with me
