They slit our throats
Like we were flowers
And our milk has been devoured
When you want it, it goes away too fast
When you hate it, it always seems to last
But just remember when you think you're free
The crack inside your fucking heart is me
I wanna outrace the speed of pain
For another day (x2)
I wish I could sleep
But I can't lay on my back
Because there's a knife for everyday
That I've known you
When you want it, it goes away too fast
When you hate it, it always seems to last
But just remember when you think you're free
The crack inside your fucking heart is me
I wanna outrace the speed of pain
For another day (x2)
Lie to me cry to me give to me I would
Lie with me die with me give to me I would

Keep all your secrets wrapped in dead hair (x2)

Lie to me cry to me give to me I would

Lie with me die with me give to me I would

I hope at least we die holding hands for always(x3
