[Verse 1]

It's time to amount an enormous amount of muscle  
Move in like 5th batalian while woofers gonna bring  
trouble  
Que quieres a mia moving to make me a little  
somethin'  
Won't catch me chasin' the dragon adrenelin got me  
pumpin'  
Stop take a breath collect my thoughts  
Release defenses and check senses  
Pull jacks in dope spots  
Puff boom muthafucka I swirve and hit the center  
Hit it silver star style while others afraid to enter  
Bravery in the battle homes I ain't no doubt  
We stand alone usually we left the third click out  
That's why we moved on cause mental spirits was  
gettin' broken  
By some leech muthafuckas best kill em because we  
chokin'  
Send a heat seeker to take a section of the industry  
Not paranoia you really think they feelin' me?  
I cut their finger from hand and cut their hand from  
wrist shit  
Light another joint time to get lit

[Chorus 8X]

It wouldn't be L.A. without Mexicans

[Verse 2]

Now everybody checkin' the lingo you know I bringo  
(Strong arm tactics) represento fresco raw through the  
weso  
Y digo trucha con tususia cuando entro con el latin  
lingo  
Collecting masa across the map like Desperado steelo  
Now you can bust and I can bust but  
Who got that gold in they clutch?  
And I'm tremendo cuando prendo lenos down to the  
crutch  
So if we hittin' la botella then let's gulp it all down  
And if we hittin' yerba buena then let's smoke the whole

pound

The LowerEast is back up in this muthakilla for realla

Los Delinquentes rifan todo Sur Califa I figure

My DNA is everlasting

[Chorus 8X]
