I want to break free
I want to break free
I want to break free from your lies
You're so self satisfied I don't need you
Ooh, I've got to break free
Huh, God knows, God knows I want to break free

I've fallen in love
I've fallen in love for the first time
Along with the world that's for real
I've fallen in love, ow
God knows, God knows I've fallen in love

It's strange but it's true, oh
I know I'm different and there's some things I have to do
But I have to be sure
When I walk out that door
Oh yeah I want to be free, baby
Oh yeah I've got to be free
Oh yeah I want to break free

This existence is wrong
I can't get used to living without
Living without, living without hope
It's all a lie
Oh, I don't want to live alone, no
But God knows, oh, I've got to make it on my own
Oooh, so people can't you see

God knows I've got to
God knows I need to
God knows I want to break free
