Just look at all those hungry mouths we have to feed  
Take a look at all the suffering we breed  
So many lonely faces scattered all around  
Searching for what they need

Is this the world we created, what did we do it for  
Is this the world we invaded, against the law  
So it seems in the end is this what we're all living for  
today  
The world that we created

You know that everyday a helpless child is born  
Who needs some loving care inside a happy home  
Somewhere a wealthy man is sitting on his throne  
Waiting for life to go by

Is this the world we created, we made it on our own  
Is this the world we devastated, right to the bone  
If there's a God up in the sky looking down  
What must he think of what we've done  
To the world that he created
