#### 1st verse

Its close to midnight and something evils lurking in the dark  
Under the moonlight you see a sight that almost stops your heart  
You try to scream but terror takes the sound before you make it  
You start to freeze as horror looks you right between the eyes,  
Youre paralyzed

#### Chorus

cause this is thriller, thriller night  
And no ones gonna save you from the beast about strike  
You know its thriller, thriller night  
Youre fighting for your life inside a killer, thriller tonight

#### 2nd verse

You hear the door slam and realize theres nowhere left to run  
You feel the cold hand and wonder if youll ever see the sun  
You close your eyes and hope that this is just imagination  
But all the while you hear the creature creepin up behind  
Youre out of time

#### Chorus

cause this is thriller, thriller night  
There aint no second chance against the thing with forty eyes  
You know its thriller, thriller night  
Youre fighting for your life inside of killer, thriller tonight

#### Bridge

Night creatures call  
And the dead start to walk in their masquerade  
Theres no escapin the jaws of the alien this time

(theyre open wide)  
This is the end of your life

3rd verse

Theyre out to get you, theres demons closing in on  
every side  
They will possess you unless you change the number  
on your dial  
Now is the time for you and I to cuddle close together  
All thru the night Ill save you from the terror on the  
screen,  
Ill make you see

Chorus

That this is thriller, thriller night  
cause I can thrill you more than any ghost would dare  
to try  
Girl, this is thriller, thriller night  
So let me hold you tight and share a killer, diller, chiller  
Thriller here tonight

(rap performed by vincent price)

Darkness falls across the land  
The midnite hour is close at hand  
Creatures crawl in search of blood  
To terrorize yawls neighbourhood  
And whosoever shall be found  
Without the soul for getting down  
Must stand and face the hounds of hell  
And rot inside a corpses shell  
The foulest stench is in the air  
The funk of forty thousand years  
And grizzly ghouls from every tomb  
Are closing in to seal your doom  
And though you fight to stay alive  
Your body starts to shiver  
For no mere mortal can resist  
The evil of the thriller
