Chorus:

Dorie (Repeat three times) by the firelight,
come and dance with me. Blazing in the night, the fire
grows.

Come and shout and sing, make the mountains ring
while
our hearts beat high.
Come and sing and shout. Laugh and turn about while
the flames reach the sky.

(Chorus)

Burn me with desire. Set my heart a-fire. Throw your
cares away.
When the dance is through, I'll be holding you till the
break of day.

Dori, dori, dorie. (Repeat)

By the firelight, come and dance with me.
Blazing in the night, the fire grows.
By the firelight, find romance with me.
You are mine tonight, the fire grows, grows, grows,
grows, grows, hey!
