Some to the rivers and some to the sea  
Some to the soil that our fathers made free  
Then on to the stars in the Heavens for to see  
This is the new frontier, this is the new frontier

Let the word go forth from this day on  
A new generation has been born  
Born to the task to keep us free  
But proud of the rights of the home country  
This is the new frontier, this is the new frontier

Some to the rivers and some to the sea  
Some to the soil that our fathers made free  
Then on to the stars in the Heavens for to see  
This is the new frontier, this is the new frontier

Let us begin for it shall take long  
Let every man sing out freedoms song  
Not for ourselves that we take this stand  
Now it's the world and the freedom of man  
This is the new frontier, this is the new frontier

The day will come, it's got to be  
The day that we may never see  
When man for man and town for town  
Must bring the peace that shall resound  
This is the new frontier, this is the new frontier

Some to the rivers and some to the sea  
Some to the soil that our fathers made free  
Then on to the stars in the Heavens for to see  
This is the new frontier, this is the new frontier
