(Intro)

Yes, Yes

Hahaha, Come flow with me

Insane Poetry

Collabo

KGP

Come follow me

Light up your blunts

We have our Conversatans

(Verse 1:Insane Poetry)

Vision descending, Here comes the blood letting

Slug's wetting fools up, They say I've screwed up

Cause Drew's nut's Flow up out the co-co's nest

Headlines read, "Another Body Chewed Up"

My vivid imagery's sharper than DVD

Fathered this killing spree, Slaughter with KGP

Ain't shit safe from this day forth bitch,

I display corpses on porch's lite up from 8 torches

I paint portraits of the crime scene

Psycho Angelo straight morbid

About to take this 19 year old

Back to my mother fucking spot

She's unaware that her ass is about to get got

Switch locks held her down by her clavicle

While the homie Kapitool takes the bat and cracks her

skull

And watch the juices run out from her brain

Mental patients on the loose, Going against the grain

(Hook)

I'm converSatan, Talking with Satan

Embracing this evil, We kill gods people

It's Katitol and the homie Cyco

Of the hydro, About to watch your ass die slow

I'm converSatan, Talking with Satan

Embracing this evil, We kill gods people

It's Katitol and the killer Cyco

Of the hydro, About to watch your ass die slow

(Verse 2:Kapitol)

Voices there saying Jesus Christ will never come again
That's right Christens frantically panic over the
testaments
Residents anti presidents and governmental shifts
I'm getting mail like Ted Kaczynski watching Body's
split
Sick shit's blowing up like Oklahoma rider trucks
Ray Brent Marsh Getting caught stacking bodies up
Body parts let the fire start call me Hannibal
Cannibal holocaust hang a bitch by her throat
Let her float left her tag toe by the river banks
Suzan Smith dropping kids into the bloody drink
Sipping upon this murder wine, Ask me what I feel
inside
Acting like I'm Lizzy Borden laughing while my family
dies
Switch life's acting like some holy priest
Kenneth The bishop was on his knees sucking pre-
teens
Biblical syndical grim reality poetry
ConverSatan with Satan it's the ungod now you know of
me

(Hook)

I'm converSatan, Talking with Satan
Embracing this evil, We kill gods people
It's Katitol and the homie Cyco
Of the hydro, About to watch your ass die slow
I'm converSatan, Talking with Satan
Embracing this evil, We kill gods people
It's Katitol and the killer Cyco
Of the hydro, About to watch your ass die slow

(Verse 3)

(Insane Poetry)

Watch yourself, You stepped into some shit again
Make the world panic I'm manic as Eminem
Damn it I'm killing men
You can see it captured on 8 miller meter film
???, Is back in the flesh ??? Trying to exit ??? To put this
axe on your chest
ConverSatan, With Satan, Callabo with the Jackal
Actual killer shit, Let them know Kapitool
(Kapitool)
In the house that drip's blood, My veins are shot up
Faith in Chaos stand strong like Pac's songs
I hate to waste my mental case on god shit
Like a priest of profit, Marilyn Manson rock shit
What am I dead now yes, Cause I'm unblest
Lost my faith in your god now I lay to rest
Judgement day has come evil Armageddon

I went to heaven burnt your god and your holy reverend
