(Verse 1)

I meet rat bitch nothing but a fat bitch  
Saw her in the back shit sucking on a crack dick  
And now she want to get some from the ungod  
So I smacked the bitch and fucked the girl real hard  
She ain't nothing but a greasy ass hoe  
I took my knife out and cut her mother fucking throat  
But I don't think about it, I never think about it  
I even fuck the bitch when there's blood pouring out it  
I put my dick inside, It's like a suicide  
The bitch ain't alive now another homicide  
The next night I bring some cheese you won't believe  
I got this bitch up on her knees as her pussy bleeds  
And it's time to take ride down to the riverside  
I put my knife inside her cunt now she's going to die  
A necrophilia, nymphomaniac shit all up on my fat dick  
Just another dead bitch

(Hook)

(Verse 2)

I meet a rat bitch gave the bitch a fat lip  
Try to talk shit bitch get your fucking ass kicked  
Cause this bitch ain't nothing but a dirty slut  
She got her throat cut throw her in the back of my truck  
And now I'm cursing down ??? Sipping on Faygo  
Got some blood on my coat god damn loc  
Cause this hoe was a bitch and the bitch wasn't shit  
Rat bitch now she's lying in a ditch  
And now the rats on fire, The bitch is on fire  
Never should have left my knife stuck inside her

Her head was bloated and smoking  
Her eyes where red wide and open  
This bitch ain't nothing but a dead cunt  
Time to smoke another blunt  
Pull me up another stump  
I didn't know her name, I only knew her game  
There all the same, Dead rat bitch

(Hook)

(Verse 3)

She's just a rat bitch, Fat bitch, greasy hoe  
She's at the back door fiending for another blow  
And this bitch got her fuck me boots on  
She's got her fucking tits on hoping that my dicks long  
And she's bending on over fucking like rover (Woof)  
I take the bitch to the roof  
And so I lit her on fire, The bitch is on fire  
I never knew a dead rat smelt like burning tyres  
That fucking chick had burnt to a crisp  
Unholy shit dead rat bitch  
I just meet the bitch now she's dead as fuck  
I picked her body up and threw it in the back of my  
truck  
I kept on pumping and pumping and masturbate to a

I need to kill me more rats until there ain't nothing left  
I don't know there names, I only know there games
