#### Verse 1

I fuck a bitch like Kobe Bryant, I make her bleed.  
But I cut her fuckin throat before the bitch screams.  
I got mental issues, intuitions, self inflicted, murder plotting  
Burned n rotten, bodies dropping believe I'm gone but not forgotten.  
I'm the first into a fight, better take my life, better stick that knife inside.  
Better believe in Jesus Christ, Repent before you die.  
My .45 is cocked n pistol whipped like Johnny Rocks.  
Feel the buckshots and hear the sound of the gun go  
POP POP POP  
My mind is tripping, sicked upon some insane shit,  
Thou Shall Not Kill read the new testament.  
Only time will tell if I'm going to hell.  
I plead the 5th like Susan Smith with the raped up bitch at hotels.  
I got this feeling that I never felt, bitches that I never killt.  
Fiending for some fornication, masturbating by myself.  
I kidnap the Olsen Twins and I held them for ransom,  
And I'm gonna rape em and kill em til they free Charles Manson.

#### Hook

Welcome to my holocaust,  
Another victim gonna die upon this burning cross.  
And as the ashes turn to dust, never count your laws.  
Its a religion and the beast released for the cause.  
I am the devil in disguise call me son of Satan.  
I came from Hades military, Hell is where I'm stationed.  
2012 is Armageddon but I lost my patience.  
I'm leaving trails of holy blood through this whole damn nation.  
I'm full of hatred.

#### Verse 2

I kill a bitch like Ed Gein, never found by the murder scene.  
Think I'm losing my mind, just like my heads in a guillotine.  
I got ADD psychos, fill your body with knife holes.

I'm like a satanic cullen the set defias the bible.  
That's why I hate that you're living them fucking other religions.  
I'll fucking sew your eyes shut, for fucking up my intentions.  
Dont try to mention the sentence for being the devil's descendant,  
I'm like Stephen King on crack with my unholy renditions,  
I am the Shining Jack Nicholson, hit your bitch with the bigger sin.  
Drop some GHB inside your glass of liquid nitro glycerin.  
This gasoline is poured upon your lifeless body,  
I toss my cigarette and burn down your house like John Gotti.  
A level of insanity like Donald Trumaine.  
Like Kurt Cobain I fill the wall with the inside of my brain.  
I got my minutes of fame??? for seeing guts tho its on,  
I was americas most wanted but I'm already gone its on.

Verse 3  
I shoot up schools like Klebold and Harris.  
Killing all bitches and faggots.  
Hand me a sawed off and I'm putting them bodies in baggies.  
Sodomize victims for fun, Anal fuck bitches with guns.  
Molotov Cocktail storing more fuckin heat then the sun.  
Blame it on social disorder, more like my hatred and horror.  
tasting the blood from my victims, better before rigormortis.  
??? and scattered slow, Deciples declare for a war.  
Fight for the flock and the Devil defines them in soul.  
Everything will be destroyed, Atomic Warfare been deployed.  
United by power of hallucination drug of choice.  
LSD incorporated, Jesus Christ is over rated.  
Call me Albert Fish, I'm turning torture into

masturbation.

known for torturing animals, obsessed with death and cannibals.

Best with those judge killers??, I'm shooting up these hateful schools.

Suicide bombers you can bet we have one thing in common,

When the whole world dies noone else but fucking homos.
