(chorus-DESTINY)

nightwalker suicide talker  
might hauntcha..  
when he stalks ya.. (x4)

(verse 1-kaptol g)

creeping no sleeping  
CUZ I PEEP when I don't sleep  
9mm in the backseat  
bitches they trip  
when they see me working graveyard shifts  
and carving up the triple 6  
kill them all when I see them all going fall  
blood drips from they skull  
hanging in the yard  
you never see me  
you'll never see me  
cause I see u coming thru the trees leaves  
my death your death  
what's coming next  
I put a knife to ya neck  
u know the rest  
I'm digging dirt by the church about 6 feet  
n I allow you to sleep  
but you wont sleep  
I still creep never resting thru the night  
I fill ya life with fright  
every nights devil's night  
so I walk with the thoughts  
enough to kill  
is this shit for real  
nightwalker...

(chorus x4)

(verse 2-kapitol g)

creeping no sleeping

cause I'm bout to start sum shit

till the break of dawn..  
heading out the backdoor  
time for the show  
first STOP GENESEE liquor store  
make my way to the backdoor  
feel like i got to kill so n so  
put the fucking gun to the fucking clerks head  
stick them up mother fucker or you're dead  
shots rang blood drips from the walls
