(Intro)

What cha gonna do when you die

What cha gonna do when you die

(Verse 1)

Hearsez cursez coming from the unholy churches

Burn persons in the back of my verses

In the base and the boom and the blood dripping from
my walls in my room

So I creep out slowly unholy

The ungod controls me and holds me

My thoughts are sick, Suicidal six six six

Bag of tricks crucifix, Yo suck my dick

My life is torn from the music and the porn

From the devil and the horn

From the children of the corn

Now I'm back in the church with a closed casket

Now he's just another basted gone gangster

But he's dead now bullet to the head now

Rolling down the street with a hearse going to hell now

Evil exists in the mind of the dead and your dead, Yes
your dead

(Hook)

(Verse 2)

Riding in the back of a hearse what's worse going to church

Or seeing your existence fade away from earth

To me it's nothing but a Hellusination pertinent vacation from god

I've seen the light but it slowly fades away

But it slowly fades away to a dull grey will I never see another day?

Purgatory in my set in the middle of my death

Did I take my last breath, What the fuck's next

I seen the shadows of Satan, I seen the unholy ghost
Come and take a tost of my death with there black clocks

Scheming and fiending for where the wicked I kick it

The evil signs have evicted, I take a knife to eject it

Because my mind is a slow death god put me to the test

Every night I see my bodies lying in the bloody mess

What is worse than a hearsez curse

Going to heaven is much much worse

(Verse 3)

Hearsez Cursez causing nightmares that i'm worthless
waste of time

Waste of air, Waste of space wonder why I was put in
this place

I can't stand to look myself in the face

Why do I feel this why, Well you don't know

imagin been a corpse in a casket there's nothing to
show

With all your life what did you do with your existence

Killed, mained, raped and fucked a few bitches

Ask me if I repent what I did, I don't know
Killed a pro maimed a chow raped a hoe, I don't know
Ask forgiveness when Staring at her eyes of death
You notice what happens after breathing your last
breath
Who's to tell you what is right and what is wrong?
Who should live, Why should die who should go who
belongs
Listen to the world like it's scripture in song
When they solve problems by dropping that bomb

(Hook)
