What, Now where you been  
I seen you out there with your friends  
I take another life before I do you in  
I never heard an alibi just another lie  
Cause I can see it in your eyes bitch you got to die

And than I'll cut his dick off shove it down your throat

I want to be the last one that gave you the dick

Spread your leg's and put your panties deep inside  
your mouth  
Cause when I push it in and pull it out you want to shout  
"Ahh, Just take it out" Because my fist is all you'll get  
You take another hit slapped around by dick

Shit, son of a bitch, I call your house and get a click  
So tell me who's the one that's giving you the dick  
Call your friends and once again they don't know where  
you've been  
And why oh when would you commit me another sin  
Trust I have no trust I think of when you where a slut  
And giving up the cunt to different guys a month  
Fuck, my mind is sick, You brag and boast about the  
dick  
And every mother fucker that you done it with  
Kill them all I feel it's right I got to kill them all  
And with the blood I will spray the wall Oh, no, oh  
I lost all control I see it's all your fault  
You should have kept your legs crossed bitch what you  
thought  
Realize your life of sin has left you paralysed  
Cause when you see it through my eyes you and other  
guys  
Why?, You must admit you ain't nothing but a bitch

So your hoping you survive through my jealous itch
