My mind is sick, I live by this
Your holy god is dead at last

(Verse 1)

Jesus Christ crucified on a cross of blood
And still I got no love for the mother fucker
And in gods name tell me will I make it to heaven
I sin 24 7, 11 reverends confessing
I got a pocket full of LSD, Acid
Putting body's in a casket, Fuck a bastard
My mind was brain washed by Satan
The unholy injection, Sedation
Put me on a list, Sub-Suicidlist
Jesus Christ sucks dick for the hell of it
Never use his name in vain so he tells me
Thou shall not kill or steal, I'll go to hell see
Going to heaven is like a funeral south
You can read the holy bible till you die but you'll burn in
hell
Follow the commandments till you rest in peace
But don't blame me for these

(Hook)

Thou shall now kill
Thou shall now lie
Thou shall now Burn in the eyes of god
Thou shall now kill
Thou shall now rape
Thou shall now turn your belief's to hate
Thou shall now kill
Thou shall now sin
Thou shall now feel Armageddon begin
Thou shall now kill
Thou shall now die
Thou shall now live your life ungod
HELP ME

(Verse 2)

Do you believe in god or worship the Satan?
The suicidal contemplation got me waiting formation
The unholy sacrmation, wicked ways will never die

So you pray to your god and you pay him your time
There burning alter with the candle sticks all the boys
getting dick
Nuns getting tattoos of the devil printed on there tits
Suicidalist keep dying for the fuck of it
Never thought they'd ever get to heaven for the sin shit
Fuck your god, I feel the force to lie
Another nation divided by the unbiblical times
my nine rhymes intertwine with the Holy
commandments
And all religions will vanish they skitsofanicly panic
I burn the bibles and the match, Put a nun on a steak
Pound the nails through her wrist as I masturbate
You want to be like Christ than die like Christ
Show me how you died for life

(Hook)

Thou shall now kill
Thou shall now lie
Thou shall now Burn in the eyes of god
Thou shall now kill
Thou shall now rape
Thou shall now turn your belief's to hate
Thou shall now kill
Thou shall now sin
Thou shall now feel Armageddon begin
Thou shall now kill
Thou shall now die
Thou shall now live your life ungod
HELP ME

(Verse 3: Ghetto Devil)

Since birth my life on earths been cursed and reversed
I got all this type of drama no time to rehearse
It get's worse cause every verse straight coming from
the dirt
It's insane but yeah it goes in my brain I tell the voice I
explain
All my pain shit nothing seems to work
My whole life is bottled up like ???
I'm off the court witch means
You don't want to be around me if I open up
Cause I be fucking you up with all the shit that be
coming up
So why don't you take a walk, Take a journey to my
destination
I spoke the words of satan ??? And did it since the
revelations
I got creations a mental molestation nurses want to
feed me medication
Sitting up in here hesitating and I'm procrastination

Thinking and waiting on how much money I'd be
making if I sell my soul
You say my souls been sold, Fuck that, You must think
I'll blow out your head
Cause I only stay to the rhythm
I worship my producer my mind is getting the best of
me
I can not live how I use to, I close my eyes and count to
10
But I stop at 6, 6, here come another 6 damn I think I'm
losing it
Once again I say it like any other human been
Wigged out, Flipped out when I committed my first sin
Thou shall not command me to a ban i brake all 10
And if I lose my mind it's cause I'm stuck in a whirl wind

My mind is sick, I live by this
Your holy god is dead at last

(Hook)

Thou shall now kill
Thou shall now lie
Thou shall now Burn in the eyes of god
Thou shall now kill
Thou shall now rape
Thou shall now turn your belief's to hate
Thou shall now kill
Thou shall now sin
Thou shall now feel Armageddon begin
Thou shall now kill
Thou shall now die
Thou shall now live your life ungod
