(Fuck Ass Preaching Faggot)

Welcome to the world of Jesus Christ  
The church where we all hold mass  
The place where we all give forgiveness from god  
Please come up, Donate me your funds  
Come pay the price to me so I can bless you  
Jesus Christ sacrificed and died for us  
Let's all Pray

(Verse 1)

I don't give a fuck about no god looking down on me  
I'm screaming out some blasphemy The holy shit,  
Catastrophe  
Brain cells dead in my head now, Tell me am I dead  
now  
Will I go to heaven or to hell now  
I don't give a fuck about religion or psycho's decisions  
They make incisions on my wrist and I dead  
I'm having visions of a homicidal suicidellistic  
The mystic styles of the wicked wild real sadistic  
Hellusions I'm facing I'm contemplating my  
creation  
Into the psycho sick nation's of mutilation I'm wasted  
I hear my dead mamma keep calling and the angles  
keep falling  
I hear the screams that your showing and all my  
brothers are balling  
I got this unholy world in my hands, god damn  
Barcodes in my hand burn this fucking land  
Bow down to the ungod unlike pain and strife  
Fuck your life

(Fuck Ass Preaching Faggot)

That's right  
You will all go to hell some day  
If you do not pray to the lord  
The lord who's given us eternal life on this lovely planet  
This planet in witch we live  
Some call it hell and I call it heaven  
The only thing missing is god  
Pray to god and we shall all see him some day

(Verse 2)

On judgement day the whole world will be set a flame  
Game you want to play with his name  
we shove a clip out the way  
With death he'll always come to play  
Blood stain membrane acid rain through your window  
pane  
Hellusination your witnessing with the sweat dripping  
off ??  
And god yes he's back and making all of you repent  
your sins  
There ain't no heaven and fuck there ain't no hell  
It's the paddles of death and that's where your soul  
shall dwell  
This is frustration creation desolution Desperation  
Imitation starvation domination decapitation  
medication  
Can't stop this fucked up occupation  
It's not but hell, Witness Hellusination  
I'm looking up in the sky, I'm mystified  
To the lord I testify to my prays there's no reply why?  
The world is wickedness, The world is death  
He's never going to be around if there ain't nothing left

(Fuck Ass Preaching Faggot)

Remember your ties  
Remember give all that you can  
So I can bless you  
Come dip your hands within the holy water  
And make yourself holy  
That's right, Jesus Christ and god has blest this water  
Pour some down, Drink it like it's wine  
For the blood of Christ

(Verse 3)

Wicked ass witch from the sticks, triple six  
Tattooed on my tits, No shit suck this  
My mind has been persuaded to the wicked side  
I believe in homicidal genocidal suicide  
Fuck your church I only pray to the ungod  
I would rather kill a mother fucker till I'm burning hot  
Melting fire looking for some ecstasy  
I dribble like ??? I'll be yelling blasphemy  
Breaking all the laws of the bible and the 10  
commandments  
Fuck your neighbour and tell someone ???  
I don't give a fuck about no nuns  
And I'm picking me up guns  
So I can blast the bloody son that's giving no love  
Cause every time I look in the mirror I can see your

reflection

I like to spit on your grave and give your mum a C  
section

Collect and cut her fucking body up for giving you life  
Jesus Christ, Your damn right

(Fuck Ass Preaching Faggot)

Believe in god for he will protect you from evil and sin  
The sins of every day humanity

Come forward with me and confess to god

And it's right he will give you life

And saves you from death and the devil bellow

Yes young man, Are you here to pray to god.....

NO!!!!!!
