Wish for a vision that don't exist cuz God don't exist
baptists make me sick
now they're saying that they can save me from Hell
wish they'd all goto Hell
take away the church bells
wishing for decisions on judgment day I wish all the
nuns gave sex for free
I wish all the preachers were not gay and i wish they all
died on a cross
some day
like Jesus he had his reasons for sins and seasons on
the cross dead and
bleeding
now whuts left for me to pray i pray for the death and
the devil each day
I wish there was no Heaven no reverends I wish that
death came in sevens
I wish that you could die too and I wish that all my
