Intro:

I should have left...

Verse 1:

I didn't want to stay tonight, knowing that it wasn't right
But what was I to do she was so horny whos to blame
I know I got a girl at home, so I cant pick up the phone
She knows when somethings up with me I'm doing her
so wrong

Bridge:

But I'm in another zone (but i'm in another zone)
I know I should have been at home with my girl but I'm
tempted
How I get in this damn I should have left her alone
So now I'm in between the sheets (now I'm in between
the sheets)
I aint where I suppose to be, see I chose to cheat now I
got this guilty halo hanging over me

Chorus:

I noe I'm wrong
I shouldn't have gone
Dont want to cheat but I couldnt leave
I try to run, but temptation got me so deep in the wrong
She's calling me
I'm scared to speak
dont want to loose her over a freak
It's killing me, I dont know what made me leave my girl
and cheat

Cheater..(repeat 7x)

Verse 2:

At times when I'm with my girl, I keep thinkin of her
It may just rush quickly threw my mind of making love
I almost screamed her name
Damn I got hell to pay
I feel I'm going crazy, I keep hearing her call my name

Bridge:

But I'm in another zone (but i'm in another zone)
I know I should have been at home with my girl but I'm

tempted
How I get in this damn I should have left her alone
So now I'm in between the sheets (now I'm in between
the sheets)
I aint where I suppose to be, see I chose to cheat now I
got this guilty halo hanging over me

Chorus:
I noe I'm wrong
I shouldn't have gone
Dont want to cheat but I couldnt leave
I try to run, but temptation got me so deep in the wrong
She's calling me
I'm scared to speak
dont want to loose her over a freak
It's killing me, I dont know what made me leave my girl
and cheat

Cheater..(repeat 7x)
