Intro:

Tony Sunshine yeah Cool and Dre

Verse 1:

I set up shop back in 92'
Took a couple kids out da street in june
Made enough dough to stretch the street in two
I doubled up my team and never told the dream
I showed what a lil bit of green could do (like)
Showed what a chick in V.I.P would do (like)
Blowin up 50 G's in jimmy brezzin threw
I spend it on my team and let them live the dream

Bridge:

Now i payed my dues
Everyday stayed true
Never played to loose
You know, you know
How i play my things
And in this streets I rain
Stretched up my gain
So everywhere I go all I hear is
