Girls in our town, they just haven't a care  
You see them on Saturday floating on air  
Painting their toenails and washing their hair  
Maybe tonight it'll happen

Girls in our town they leave school at fifteen  
Work at the counter or behind the machine  
And spend all their money on making a scene  
They plan on going to England

Girls in our town go to parties in pairs  
Sit 'round the barbecue, give themselves airs  
Then they go to the bathroom with their girlfriend who  
cares  
Girls in our town are so lonely

Girls in our town are too good for the pill  
But if you keep asking they probably will  
Sometimes they like you or else for the thrill  
And explain it away in the morning

Girls in our town get no help from their men  
No one can let them be sixteen again  
Things might get better but it's hard to say when  
If they only had someone to talk to

Girls in our town can be saucy and bold  
At seventeen, no one is better to hold  
Then they start havin' kids, start gettin' old  
Girls in our town...  
Girls in our town
