I had a girl that I used to see  
She's precious and so sweet  
Like Velcro she was attached to me

20 hours outta 24  
She's always knocking at my door  
So I said, ?Hey baby, I need some room to breathe?

Please believe, we'll go our seperate ways  
Then like the critics, she had something to say

Talk about good times  
Talk about bad times  
Don't talk about me

Girl, talk about the good times  
Talk about the bad times  
Don't talk about me

Funny how you accuse me of something  
That I know nothing about  
Never said I was engaged to you

I never promised you a rose garden  
Only said that we could go out  
Now you're telling your friends I'm hard on you

Please believe, we'll go our seperate ways  
And just like the critics, she always had something to say

Talk about good times  
Talk about bad times  
Don't talk about me

Girl, talk about good times  
Talk about bad times  
Don't talk about me

Girl, talk about good times  
Talk about bad times  
Don't talk about me

Girl, talk about good times  
Talk about bad times  
Don't talk about me

Ooh, baby, I wanna talk to you, you see  
You and me don't have to be like enemies, girl  
So I called you just to clear the air  
Just like the news, reports of me are everywhere

Talk about good times  
Talk about bad times  
Don't talk about me

Girl, talk about good times  
Talk about bad times  
Don't talk about me

Girl, talk about good times  
Talk about bad times  
Don't talk about me

Girl, talk about good times  
Talk about bad times  
Don't talk about me

Girl, talk about good times  
Talk about bad times  
Don't talk about me

Girl, talk about good times  
Talk about bad times  
Don't talk about me

Girl, talk about good times  
Talk about bad times  
Don't talk about me

Girl, talk about good times  
Talk about bad times  
Don't talk about me

Girl, talk about good times  
Talk about bad times  
Don't talk about me
