I've been penalized too
Working with some fools
Everyday from 9 to 5

Now it's time to break the rules
Wear the fancy shoes
About to hit the town tonight

I don't care about the price
If the place is nice
And has a lotta food and drinks

Of course you can't forget about the babes
And if you all behave
About to rock your house tonight

Let's have a good time
Let's break out in the house
Let's have a good time
Turn the whole dull place alive

Let's have a good time
Gotta be at work the next day
Let's have a good time
Party all night anyway

It feels good to break the rules
Forget about the fools
I had to see the next few days

No one cares about the times
They ought to fill the wine
To care about it anyway

I know friends about to keen
I have to turn it in
To make it through another day

But now I'm 'bout to make a move
Especially on this groove
And party with the girls all night

Let's have a good time
Let's break out in the house
Let's have a good time
Turn the whole dull place alive

Let's have a good time
Gotta be at work the next day
Let's have a good time
Party all night anyway

Let's have a good time
Let's break out in the house
Let's have a good time
Turn the whole dull place alive

Let's have a good time
Gotta be at work the next day
Let's have a good time
Party all night anyway

Pass The Peas like we used to do
Pass The Peas like we used to do
Pass The Peas like we used to do
Pass The Peas, Pass The Peas

Shake your money maker
Shake your money maker
Shake your money maker
Shake your money maker

Shake your money maker
Shake your money maker
Shake your money maker
Shake your money maker

Let's break out in the house
Turn the whole dull place alive
Gotta be at work the next day
Party all night anyway

Let's have a good time
Let's break out in the house
Turn the whole dull place alive

Let's have a good time
Gotta be at work the next day
Party all night anyway

Let's have a good time
Let's break out in the house
Turn the whole dull place alive

Let's have a good time
Gotta be at work the next day
Party all night anyway
