Yo what you laughing at son
I'm packin my guns and rappin over African drums

Yo I know she on my dick, that when the mackin begun
Only though on my mind was to get between her
Hips like Jennifer Lopez, face like Selena
Hope she aint a bitch like Misdemeanor
Tony touched her tits and she turned like Tina

My man Will saw it and he couldn't believe her
Way the bitch look, yo we got to team her
Put Spanish Fly in shorty-wop's Tequilla
And took her to the Jeep so the team could cream her
I did all that shit, it was a waste of time
I pulled the thong out her booty, it was laced with brown
I aint fuckin with this bitch cus she smell like shit yo
