Now looking here, I'm still standin'
Since the last time that you walked away, honey
See me and the kids are left here disappointed
We don't have nothin' to do
But wonder where you're headed, baby

Have you ever loved somebody
Who loves you so much it hurts you to hurt them so
bad?
Have you ever loved somebody
Who loves you so much it hurts you to hurt them so
bad?

No, I don't want to just be complainin'
About what me and you talked about many times
before
Now I'm not too bad about it, I'm not even mad about
you
But if you want me too come back to you, I will
You know I'm still a man, baby, sugar

Somebody who loves you so much
It hurts you to hurt them so bad?
(See, I'm still a man, sugar)
Have you ever loved somebody
Who loves you so much it hurts you to hurt them so
bad?
I'm still a man, sugar

Have you ever loved somebody
Who loves you so much it hurts you to hurt them so
bad?
(You gotta know that I love you so much, baby)
Come here, have you ever loved somebody?
Tell me, have you ever loved somebody
(Somebody who)
Somebody who stays out all night, never calls home
Leaves you all alone? Still a man

Now I don't wanna be just complainin', no no
You see, I ain't gonna never, never, never, never,
never, never

Treat you less than a woman, honey
But if you wanna take a chance on lettin' me leave you
behind
You must be crazy if you let me walk out that door
You know I'm still a man, baby

Somebody who loves you so much
It hurts you to hurt them so bad?
('Coz you see, I'm still a man, honey)
Have you ever loved somebody
Who loves you so much it hurts you to hurt them so
bad?
You see, I'm still a man, honey

Have you ever loved somebody
Who loves you so much it hurts you to hurt them so
bad?
(Yeah, believe it, I'm still a man, honey)
Have you ever loved somebody
Who loves you so much it hurts you to hurt them so
bad?
I'm still a man

You must know that I'm still a man, baby
(I'm still a man)
You know, I know we can put us together
(I'm still a man)

Surely you know that I don't want nobody else but you,
baby
(I'm still a man)
And I'm still a man, baby
And I'm always gonna be by your side
I'm still a man

Have you ever loved somebody?
So cold, so cold, so cold
(I'm still a man)
Have you ever loved somebody?
Somebody who, somebody who wants to treat you
right, sugar
I'm still a man

Have you ever loved somebody
(Somebody, somebody who)
Somebody you wanna wake up in the morning
And just kiss him on the forehead?
Have you ever loved somebody?
(Have you ever loved somebody?)
Have you ever loved somebody?
Have you ever loved somebody?
