Yeah, (ohhh), we got the hood rats in the house right  
(Would you like a tongue bath babe)  
They say they like tongue bath (from the back)  
So, uh, we went and got Methron  
But of course, it's the Ying-Yang Twins

Let me see you freak your body  
I won't stop until you get enough  
Anyway you want it, I'm with it  
I just wanna get up in it  
(You want a tongue bath, you need a tongue bath)  
Let me see you freak your body  
I won't stop until you get enough  
A tongue bath, from the back  
Oh yes, that's the way I like it  
(You want a tongue bath, you need a tongue bath)

Forget about that Summer we stretched straight  
thuggin it up  
In the tongue bath world we was loving it up  
I've been told by the eye we were holding each other  
To the room, sexual, of the Isley Brothers  
Sippin' Alazez and Hennessee, straight thug passion  
Licking nipples, got you gigglin', so you started to  
laugh  
And now it's getting so erotic baby  
All of a sudden so I'm kissing on your body baby  
Admit it babb

See baby a tongue bath is what I like  
Lick me up, lick me down, curve my appetite  
Let me open up my legs, show me what you got  
The way you licking on my body's got me really hot  
And I'm loving the way you lick me though  
Do it little daddy, let your tongue take control  
You got me shaking like hell when you're licking my  
toes  
From the top to the bottom, make your tongue roll

Let me see you freak your body  
I won't stop until you get enough

Anyway you want it, I'm with it  
I just wanna get up in it  
(You want a tongue bath, you need a tongue bath)  
Let me see you freak your body  
I won't stop until you get enough  
A tongue bath, from the back  
Oh yes, that's the way I like it  
(You want a tongue bath, you need a tongue bath)

The way you all on me, you get me feeling the heat  
And when you lick it like that it make me grit my teeth  
You got me grabbin' the sheets, and put the pillow on  
my face  
Biting my lips and squeezing my waist  
I'm calling your name and making that face  
Cause you lick my bubble gum and had the taste  
You got me caught up in this mist of the passion, you  
see  
This tongue bath you giving me is like a fantasy

Baby please keep on moanin', keep on licking on me  
You got me bitin' on your neck, look what this bath did  
to me  
Now rub me down in your notion, with your deep  
freezin' motions  
You bring the freak out in me, I'm out of control can't  
you see  
You got me hot and now it's on till the early morn  
Now this tongue bath, feed it to me, got me in the zone  
Yeah

Let me see you freak your body  
I won't stop until you get enough  
Anyway you want it, I'm with it  
I just wanna get up in it  
(You want a tongue bath, you need a tongue bath)  
Let me see you freak your body  
I won't stop until you get enough  
A tongue bath, from the back  
Oh yes, that's the way I like it  
(You want a tongue bath, you need a tongue bath)

Give me a tongue bath please, I want you all on your  
knees  
I like it when you licking me, from the back constantly  
You make me shiver little daddy when you're playing  
with ice  
Turn out the lights little daddy, we can cut all night  
I like it rough, if you tough, take it easy, that's enough  
I want a massage with your tongue, make my body feel  
numb

Keep me hot, you know that spot  
That feaky stuff you know I like  
Ooh yeah, that's it, you're doing it right, that's tight

The way you licking me and kissing me  
Hugging me and touching me  
Rubbing me constantly  
Ready to put your love in me  
Do it like that, down from the back  
Run a tongue bath, baby treat a hood rat  
Slip and slide on my thighs, make your tongue glide  
Baby when me and you collide, we'll make the  
temperature rise

Let me see you freak your body  
I won't stop until you get enough  
Anyway you want it, I'm with it  
I just wanna get up in it  
(You want a tongue bath, you need a tongue bath)  
Let me see you freak your body  
I won't stop until you get enough  
A tongue bath, from the back  
Oh yes, that's the way I like it  
(You want a tongue bath, you need a tongue bath)

Uh, oh, I don't mind no  
Anyway you want it, I got it  
Tongue bath, from the back  
Ooh, ooh, ooh

Let me see you freak your body  
I won't stop until you get enough  
Anyway you want it, I'm with it  
I just wanna get up in it  
(You want a tongue bath, you need a tongue bath)  
Let me see you freak your body  
I won't stop until you get enough  
A tongue bath, from the back  
Oh yes, that's the way I like it  
(You want a tongue bath, you need a tongue bath)

Uh, come here shorty, stop please  
Why you acting like you don't like it  
You know you like it  
You know you want me to touch it  
For real, come here and let me give you a tongue bath  
Haha, you like to get wet don't you  
It's my way or the highway, ohh  
Come on, for real  
Would you like a tongue bath, oh  
We ain't gotta do it that much, just let me do it a little

bit  
A little bit, just a little bit, it's all right  
How low can you go, I don't mind  
What you like, I don't mind no  
If you're running you'd better catch it, oh, yeah
