We come together, we're all here as victims
We are raped and abused
Stuck in the middle of all this attention
We'll all stand here, pointing the finger at you...
Hey you...

Can you feel our pain?
Live to go insane
Born as a donator
Dead is what we are

Top of the world when we thought we were needed
Is it mandatory to use us then push us away...
Hey hey...
Top of the world when we thought we were needed
Is it mandatory to use us?

Nobody home, you're all here alone
Thought the people that you trusted wouldn't turn on
you
Still in the middle, we're all here for justice
We still stand here, pointing the finger at you...
yeah you...

Can you feel our pain?
Live to go insane
Born as a donator
Dead is what we are

Top of the world when we thought we were needed
Is it mandatory to use us then push us away...
Hey hey...
Top of the world when we thought we were needed
Is it mandatory to use us?

So grab your arms, your feet, your legs
Any organs that the motherfuckers took from you
Grab a drink, raise your hands to the new days

We are the future, we have your children

Uncover your eyes and see we've created
A world full of justice, a world where we're accepted by
all

point the finger at you (POINT! POINT!)
