Ticked off deceived at a life that develops its country
from a fucked government
You see well my flesh and bones are in their protect
And why the good guys, they kill the innocent

Can you put it down, it's in my face
Don't be stupid now
I've got the pass its in my car just let me get it sir
Female on my right with a gun at my head
She holds it closely with her eyes fixed on my shoulder
blade
I'll turn your lights out with a click - not making sense
Shut up I'm dead and in the meantime all attentions on
the constable
Yes he is drunk and I am scared
can you please let me go home?

Its just a small town in New Guinea,
well it's a place I call home€
Its not about choice
well I am stuck with myself
I'm so alone and I'm down

Well if they put a bullet in my head
Attempted to throw me in the Markham,
It's a possibility they might try let me die
Play my cards right I'll live through tomorrow
Don't be scared act afraid
Live another day, let them take my car away
When in the meanwhile all expenses are paid to go
home

Don't forget about it€
This day I'm fallen away yeah

Come on! Look what you've done
Come on stop the fucking car!
I don't care come on!
Look what you've done
Come on stop the fucking car
I don't really like you -

Well I've got no choice
And I'm stuck with myself
Well I'm so alone and I'm down
I'm down!

Put it down, its in my face
Don't be stupid now
Put it down, its in my face
Don't be stupidâ€!
It's just a small town in New Guinea
