What said, he's angry, its not good
Take this; She's all over me
Think I should
SCREAM MY NAME!

I'm tired of listening to you
I tried to die it didn't work
Open your mind let me inside
I'll try not to, what you call me?

Upstairs to the bar of porn is where we go
She's gorgeous and she wants me
Here we are
SCREAM MY NAME!

I'm tired of listening to you
I tried to die it didn't work
Open your mind let me inside
I'll try not to - leave me alone in peace

Upstairs in the pit is where we go right from the back
street
God you look like a slut you say some words that you
can't express
Cause it helps you forget the nature of yourself that
you are just nothing
And you will never know causing pain into someone
else's life you've tried to wreck
So fuck off or I'll fuck you up and let you die in this
miserable place
You call yourself a LIVING BREATHING
MOTHERFUCKING ANIMAL!

Can we go?
Fucking oath!
Can we go?

You know we got it

Yeah once again we're back and inside her den
And we're pushing her down between the slopes

To the next stage of pain that she feel should we break
up
Because I'm just another guy with a sick sense of
humor
You know I chose you I used you I screwed you
Until this day I know you're just a slut
Well my life inverse from all this insight
When you're an animal it's my intent to let you go
