

Kiss Could Be Deadly, A "Damage Control"

Hey wait
I'm not going to throw it right back in your face
Even though I could
But while you wait
and think of all those "perfect" things to say
Well it gets worse

While You Wait
While You Wait

You've lost your war
Give it up just give it up
We're losing more
All of us yeah all the rest of us

Hey wait
Please don't call just a "small mistake"
Not that you would
But everyday
You spin the truth and try to pass the blame
White it gets worse

While you wait
And think of all those "perfect" things to say
It's getting worse, so much worse.
