I just wanted you to know
I just wanted you (wanted you)
And she stopped breathing
She just stopped breathing
Stay calm our alibis leaving
So drive slowly
With blood stained clothing on
Blood stained clothing on

Just another victim
Just another mystery
Just another victim
Just another mystery

I just needed you to see
I just needed you (needed you)
And I can't take it
I just can't take it
The plan is safe but the safe is breaking
They'll separate us interrogate us both

So kiss me softly, deadly
I'll give you everything you've ever wanted baby
So kiss me softly, I could be deadly
And give me everything
I've always wanted baby, baby

Just another victim
Just another mystery
Just another victim
Just another mystery

I just wanted you to know
I just wanted you
And she stopped breathing
She just stopped breathing
Let's go our alibis leaving
So drive slowly
With blood stained clothing on

So kiss me softly, deadly

I'll give you everything you've ever wanted baby
So kiss me softly, I could be deadly (deadly)
And give me everything
I've always wanted baby, baby

Just another victim
Just another mystery
Just another victim
