She doesn't hear a sound
While the skyline is burning down
We panic but she just cries
Oblivious to the disaster right outside

Smoke darkens the sky
We all call home to say our last goodbyes
A city afraid to die
But for this little girl it doesn't matter
She's sufferings
She didn't notice anything

I should run but I just have to ask her
What kind of news
Eclipses a disaster

Screams echo building small
And this girl ignores it all
I shouldn't but I slow down
Memorized by the expression I just found

Smoke darkens the sky
We all call home to say our last goodbyes
A city afraid to die
But for this little girl it doesn't matter
She's suffering
She didn't notice anything

I should run but I just have to ask her
What kind of news eclipses a disaster?

She doesn't hear a sound
While the skyline is burning down
We panic, she just cries
Oblivious to the disaster right outside

It doesn't matter she's suffering
She didn't notice anything

I should run but I just have to ask her
What kind of news eclipses a disaster?
