

Kiss Could Be Deadly, A "The Exit"

Outside it's raining
As the storm descends
And I plan on staying
until we can lose all of our friends
And slip away
un noticed out the backdoor
so lets go
you know it's the exit we've been waiting for

and now we can't stop
and I think I like it
we can take it all of
and I don't want to fight it
fight it
cause you know we can't stop
even if we wanted
we can take it all off
and finish what we started
on your balcony

we've made excuses
for the last two weeks
but we'll leave those at the bar
with our unattended drinks
and slip away
determined to lose them all
and get home alone
minutes before our curtain call

and now we can't stop
and I think I like it
we can take it all of
and I don't want to fight it
fight it
cause you know we can't stop
even if we wanted
we can take it all off
and finish what we started
(started) on your balcony

Another helpless moment

Another helpless moment
It's all I have
Just to breathe again

and now we can't stop
and I think I like it
we can take it all of
and I don't want to fight it
fight it
cause you know we can't stop
even if we wanted (wanted)
we can take it all off
and finish what we started (started)
started on your balcony
started on your balcony
started on your balcony
